COMPANY PROFILE

Excellence in Business Intelligence!

WHO WE ARE

At FLC Infotech, we are dedicated to providing the highest quality information technology services and solutions to our valued clients. As a member of the esteemed Devasya Group, LLC, we bring years of expertise and experience to the table, offering a full suite of services, including cybersecurity, infrastructure, IT staffing, and more.

ABOUT US

Our unwavering commitment to customer success is at the heart of everything we do. Our approach to doing business is built on strong relationships, trust, and adherence to industry best practices. We understand that technology is constantly evolving, and we stay ahead of the curve by continuously monitoring emerging trends and recommending the most effective, efficient solutions to meet our client's specific needs.

WHY CHOOSE US?

With a diverse client base that includes small, medium and global enterprises, FLC Infotech is proud to help businesses of all sizes achieve their objectives through the implementation of innovative and affordable technology solutions.

As a leading information technology solutions provider, FLC Infotech is proud to serve as a strategic partner to a diverse range of customers in the Retail, Pharma, Food Services, K-12 Education, Insurance, and Service sectors. Our commitment to industry best practices and a deep understanding of our customers' functional and operational requirements allow us to deliver innovative solutions that drive production, progress, and profitability.

STAFFING SOLUTIONS

At FLC Infotech, our staffing solutions are designed to meet the evolving needs of your business. Our team of experts includes Project Managers, Business Analysts, Network Engineers, Security Analysts and Engineers, VMWare Certified Professionals, and more, ensuring that we have the expertise necessary to deliver the results you require.

We understand that the right talent is critical to your success, which is why we take the time to understand your specific needs and provide tailored staffing solutions that align with your goals. Whether you require short-term support for a specific project or ongoing technical resources, FLC Infotech is here to support you every step of the way.

SERVICES

FLC Infotech offers a comprehensive suite of services designed to meet the needs of today's businesses. Our offerings include WAN/LAN infrastructure, data center upgrades and migrations, wireless networks and Wi-Fi solutions, network assessments and health checks, cybersecurity, and more. Our managed services and expert technical resources provide peace of mind and the foundation for continued success.

Whether you are looking to upgrade your data center, enhance your network security, or streamline your operations, FLC Infotech has the expertise and experience to deliver results.

VERTICALS

At FLC Infotech, we understand the importance of specialized services to cater to the unique needs of different industries. That's why we offer a range of verticals for our clients in diverse fields. Our verticals include Healthcare, Retail, Banking & Finance, Telecommunications, and Technology, among others.

Each vertical is staffed with experts who have deep industry knowledge and experience, and our solutions are tailored to meet the specific requirements of each industry. Our goal is to help businesses in these verticals overcome their challenges and achieve their goals through innovative and effective technology solutions.

Take your business to the next level with FLC Infotech. Our team of experts is dedicated to providing customized technology solutions that drive growth and success. Don't wait; contact us today to schedule a consultation and see how we can help elevate your business.
